

**Dear Parents and Guardians:**

Please review the following information regarding COVID-19 Symptom Home Assessment.

**COVID-19 SYMPTOM HOME ASSESSMENT – At home every morning prior to going to school**

Daily morning assessments prior to arrival at school: It is essential that all students conduct daily health checks prior to arrival at school. Health checks should include taking temperatures and assessing for symptoms. Symptoms of COVID-19 may range from mild to severe, and can appear two to 14 days after exposure to the virus.

**Symptoms to assess for include:**

- Fever of 100.0 o F or higher
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headaches
- Loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

If a student is experiencing any of these symptoms please stay home and contact their health care provider.

Upon arrival to the school by personal vehicle or when boarding the school bus at the residence’s stop, every student will be asked by the lot attendant or bus driver if they had conducted a health assessment. If the student answers “**no**”, they will be check prior to entering the school.

- Car Riders - The school nurse/aide at the vehicle in the lot will screen those in personal vehicles answering “no”. Those with symptoms will be sent home.
- Bus Riders – The school nurse/aide at the bus in the lot will screen those in the bus answering “no”. Those with symptoms will go to the infirmary, parents contacted to pick up the student.

***Please remember it is very important for all students to have conducted a COVID-19 symptom assessment at their residence prior to leaving for school every day.***

Thank you and please stay safe and well.

Melissa Kircher
